

How to use - SLUSH MACHINE

Make sure bowls are on tight on the machine

Fill jugs with water to the water line, add bottle of juice (5 water to 1 juice). Shake to mix.

Pour mix into bowl to the max fill line on machine

Turn machine on. (see instruction page for settings)

For DAYTIME:

-make sure machine is on freeze mode (snowflake/ice) and night mode (water/no ice) is off

-make sure augers are turned on

-make sure power switch is on

NIGHT TIME:

-leave on power and auger switch (keep augers on all the time unless machine is off) unless in place where gets cool at night

-make sure freeze mode is off and night mode (water/no ice) is on
